Re: new findings, and unlawful action by officials

evidence of object on back of this letter,

Between the 26 or 27 of July 2001, while I was eating, my after noon meal. I notice, a long object about a inch and a centimeter, long, and my potatoes. I recall. And the object is brown, and the officer that gave me my after noon meal was C/O Green, tall, skinny, guy with a receding hair line, and this is not the first time, something, happen like this, before between early April or May of 99, I found pieces of metal and my car. Rot, cake, and my celly, Kedar Williams, this incident happen on J Block, he witness me choking, and he started to hit my back, and the object cut my throat and I was bleeding, and when I stopped choking, I notice a piece of metal and the cake. I haven ate, and I called the guard, for medical intention, and I just told him something was and my food, sharp, when questioned, And I never saw a nurse for a week. And I waited for a few days to send the evidence on info to my mom, to contact a lawyer, and I wrote the court, but the postages never made it on time. And officials covered it up. And this time, I got...

Also, I need a investigator to look and to this matter because, the officials here will try and cover up things like always, but this time, I got them, red handed, also, I notice they have been treating me, very badly, cusing me out, threatening me, for no apparent reason, and for theys past days I've had bites of pieces out my food, and I'm scared to eat, because, of retaliation, because of the snit, and also, ill feeling towards me, and my life is and serious danger here, and I plead, that the court pick a jail for me to go to, because theys authority figures are evil, and they will send me some were, were. they have inmates at that problems with and the past and now the future because, of influence by personel, and I don't want trouble, and I've told officials my life is and danger several times, but no actions, and I'm unable to take any more of this torture, I've been attacked on numerous occasions, and it's urgent, that, action be taken. And I don't want theys officials to decide were I'm gone to be sent to, because, the body's are corrupt, I've whole time, I rather die some were else than being here.
